

WHY TOP COMPANIES CHOOSE ELGI COMPRESSORS AND WHY YOU SHOULD TOO

As an authorized distributor for ELGi, Ryce East Africa Limited provides high-performance compressors designed to drive efficiency and cut running costs by up to 40%.

1. Unmatched Energy Efficiency

Save up to 35–50% in energy costs with Variable Speed Drive (VSD) technology that matches air demand in real time.

3. Complete Product Range

Oil-lubricated, oil-free, piston, centrifugal, and portable compressors for every business need.

5. Lower Total Cost of Ownership

Reduced energy use, lower maintenance, minimal downtime, and long equipment lifespan.

2. Legendary Reliability

Built for tough environments with in-house air end technology. Lifespan of 15–20 years with proper maintenance.

4. Smart Technology

Real-time monitoring, energy insights, fault alerts, and remote management for smarter operations.

6. Global Standards, Local Support

Expert installation, genuine parts, maintenance programs, and fast support across East Africa.
