

WHY LEADING KENYAN FACTORIES CHOOSE **RYCE SOLAR**

TAILORED LOAD PROFILING

We analyze your 15-minute load to size a system that fits your actual usage.

STRUCTURAL ROOF AUDITS

We check your trusses, rafters, and wind loads for safe, watertight, compliant mounting.

SEAMLESS GRID & GENERATOR INTEGRATION

Solar works with your generators, balances the load, and cuts diesel use by up to 40%.

FULL REGULATORY & NET-METERING COMPLIANCE

We handle the approvals and set you up to export surplus energy for utility credits.
